Temporary Staffing

A class action law firm that represents consumers, employees, and veterans who have been injured by powerful entities, including large corporations and the federal government. Since 2018, LaSalle Network has partnered with this organization for their temporary and direct hire needs, placing nearly 1,000 people.

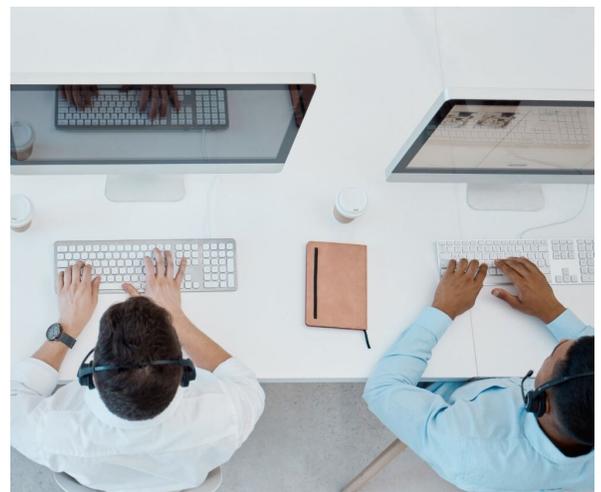

CHALLENGES

Helping facilitate multiple class action lawsuits, the client needed to hire a high volume of temporary case managers within a short period to handle the increased caseload.

In response to the demanding time constraints and given LaSalle's proven track record of efficient and effective staffing solutions, the company sought the support of LaSalle Network.

RESULTS

LaSalle Network dedicated a team to identify, vet, screen, and place 100 individuals as case managers within the two-week timeframe required by the organization.
